

1) We have a specific position open for an associate planner. This is an entry-level position in my group. This person would be part of the planning and logistics team at our Engine Timing Components plant on our Ithaca campus. Some of the responsibilities include:

- Supplier logistics coordination
- Internal pull-system development
- External pull system development
- Supplier planning using MRP in a rate-based environment

2) We have recently refined and expanded our co-op program. There are several positions available for future semesters that may interest some of your engineering or operations students. Our company contact for the co-op program is:

Adrienne Ruzic
607-266-2161
aruzic@morse.bwauto.com

If you know of any seniors that might be interested in our opening, please ask them to contact me via e-mail. (I am out of the office frequently.)

Joe Mulrooney, CPIM
Planning & Logistics Manager
BorgWarner Morse TEC
800 Warren Road
Ithaca, NY 14850
